

# Monitoring and Evaluation of KAICIID Grants

## COURSE DESCRIPTION

Partnering with organizations and individuals across the globe through grants is one of the approaches in pursuit of KAICIID's mission to strengthen individual and institutional capacities in interreligious and intercultural dialogue and use the dialogue in addressing contemporary challenges at the local to global level. Both KAICIID and its partners recognise the importance of the results-based management and monitoring and evaluation function as a tool to help strengthen effects of social cohesion and peacebuilding programmes.

The E-course, which has incorporated the experience, materials and approaches developed by KAICIID in the past, will be useful to provide a general framework for the methodological aspects of results monitoring and reporting.

## TARGET AUDIENCE

This E-Learning is primarily intended for KAICIID Programme and partner organizations staff (beneficiaries of KAICIID grants). However, concepts and methodologies presented can be of interest to wider audience as well.
